DETAILED ACTION

Claims 1 and 12-29 are pending in the application.

This action is in response to applicants' amendment dated August 27, 2008.

Claim 1, 12, 22, 25 and 28 have been amended.

Response to Arguments

Applicant's arguments filed August 27, 2008 have been fully considered with the following effect:

- The applicants' amendments and arguments are sufficient to overcome the 35 U.S.C. § 112, first paragraph rejection labeled paragraph 3) in the last office action, which is hereby withdrawn.
- 2. The applicants' amendments and arguments are sufficient to overcome the 35 U.S.C. § 112, second paragraph rejections labeled paragraph 4c), d) and e) in the last office action, which are hereby withdrawn. However, with regards to the 35 U.S.C. § 112, second paragraph rejections labeled paragraph 4a) and b) in the last office action, the applicant's amendments and remarks have been fully considered but they are not persuasive.
 - a) The applicants' stated that they are unsure of the precise nature of the objection raised by the Examiner with respect to the variable R¹ which is defined as "phenyl" which may be optionally substituted by a selection of substituents. However, while it is noted that R¹ is defined in the claim as an optionally substituted phenyl there is no variable in formula I which is an R.superscript.1. the variable in formula I is R.subscript.1 which is not defined within the claim.

Art Unit: 1624

Claims 1, 12-19 and 21-29 are rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention, for reasons of record and stated above

b) The applicants' stated that they are unsure of the precise nature of the objection raised by the Examiner with respect to the variable R¹ which is defined as "phenyl" which may be optionally substituted by a selection of substituents and furthermore, the variable R¹ appears on the left hand side of the Markush structure of formula I as it appears in claim 1. However, while it is noted that R¹ is defined in the claim as an optionally substituted phenyl the variable in formula I which is an R.subscript.1 is not defined within the claim.

Claims 1, 9-24, 29-36 and newly added claims 37 and 38 are rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention, for reasons of record and stated above.

In view of the amendment dated August 27, 2008, the following new grounds of rejection apply:

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Art Unit: 1624

3. Claims 24 and 34 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The following reason(s) apply:

- Claims 1, 12-19 and 21-29 are vague and indefinite in that it is not known what is meant by the variable n which is not defined within the claim.
- Claims 1, 12-19 and 21-29 are vague and indefinite in that it is not known what is meant by the variable R² which is not defined within the claim.

Allowable Subject Matter

 Claim 20 is allowed. None of the prior art of record or a search in the pertinent art area teaches the species as claimed herein.
